

## Wall-mounted socket 3P+N+E 32A IP44/54 SpeedPRO

32 A

400 V

3P+N+T

IP44/54

6h

IK08

## TECHNICAL DATA

|                        |                                                |
|------------------------|------------------------------------------------|
| IEC-Amperage           | 32 A                                           |
| Voltage                | 200/346-240/415 V                              |
| Poles                  | 3P+N+T                                         |
| Protection degree      | IP44/54                                        |
| Hour position          | 6h                                             |
| Impact resistance      | IK08                                           |
| Colour                 | Red                                            |
| Connection system      | Screw connection                               |
| Material               | ABS+PA6                                        |
| Contact material       | Brass                                          |
| Wire flexible          | 2,5-6 mm <sup>2</sup>                          |
| Net weight (kg)        | 0.36                                           |
| ETIM 9.0               | EC001321                                       |
| Ball pressure test     | 125°C housings active parts / 70°C other parts |
| Insulating resistance  | >10 MΩ @ 500 Vdc                               |
| Dielectric strength    | 2.5 kV                                         |
| Operating temperature  | -25°C / 40°C                                   |
| Temperature resistance | -25°C / 70°C                                   |

## LOGISTICS

Minimum sales unit 1
